

Course Transfer Form

Prior to submitting a request for transfer credit please fully read the Course Transfer Policy and Procedure in the Academic & General School Policies section of the [FNU Catalog](#). It is important to note that FNU allows a maximum of twelve (12) approved credits for transfer and students will pay a fee for each course reviewed for transfer credit, whether or not the credit is approved.

For comparison to your previously completed coursework, the current FNU course syllabus may be found on the [Banyan Tree Portal under "Courses,"](#) and the FNU course descriptions may be found in the [FNU Catalog](#). Please note, Clinical, Bridge Year, and DNP project courses are not eligible for transfer. The complete list of courses eligible for transfer can be found in the FNU Catalog.

Students are strongly encouraged to submit all transfer course requests prior to attending Bound orientation. Students should not register for a course for which they intend to request transfer credits until the course review has been completed by the Department Chair or Program Director.

This form must be accompanied by the course syllabus and course description for the transfer course. This form will not be processed until the Course Transfer Fee is paid to the [FNU Bursar](#).

Instructions:

- *For each course to be reviewed, complete and submit this form.*
- *Form, syllabus and course description should be scanned and emailed to Registrar@frontier.edu, preferably from your @frontier.edu email account.*
