*Students who did not complete the equivalent graduate level coursework in Principles of Health Promotion, Advanced Pathophysiology across the lifespan, Advanced Pharmacology across the lifespan, or Advanced Physical Assessment across the lifespan prior to admission may have those courses added to this POS. Students who have not completed Advanced Physical Assessment across the Lifespan prior to admission may be required to complete PC714: Skills for Advanced Practice during the Clinical Bound term.

**Students completing this POS are eligible to continue to the Post-Master's DNP at FNU.

***Students wishing to continue to the Companion DNP at FNU would need to consult with the Program Director so that the following courses may be added to the POS: PC700: Communication and Intro to Scholarly Writing, PC702: Epidemiology & Biostatistics, PC718: Evidence Based Practice
