## **PROFESSIONAL EMPLOYMENT HISTORY**

---

### **Frontier Nursing University**

*PRN NM702 Course Faculty*

Fall 2021 to Current

Facilitate the learning of midwifery students during lectures, simulations, exam reviews, and grading assignments. NM702 focuses on the management of normal antepartum patients.

*PRN NM/WH 712 Course Faculty*

Winter to Summer 2021

Prepare certified nurse midwifery students for their clinical practicum by facilitating their learning with presentations, demonstrations, simulations, exam reviews, and open discussions.

### **Novant Health Providence OB/GYN**

*Certified Nurse-Midwife*

Apr. 2019 to Current

Full scope midwifery within a collaborative hospital-based practice. Cares for low to high-risk women in collaboration with physicians. Manages the labor and birth process, and first assists for obstetric and gynecologic procedures. Provides primary gynecological health including family planning, well-woman visits, lactation support, assessment and management of GYN problems, and routine primary health care services.

### **Baby and Company Charlotte**

*Certified Nurse-Midwife*

Feb. 2018 to May 2019

Full scope midwifery practice at a CABC accredited birthing center. Cared for low to moderate risk women, managed the labor and birth process, and performed newborn assessments. Provided primary gynecological health including family planning, well-woman visits, assessment and management of GYN problems, and routine primary health care services. Hospital privileges at Novant Health Presbyterian Medical Center.

## **Baptist Health Jacksonville**

Registered Nurse: Level 3 Labor and Delivery

May 2016 to Feb. 2018

Provided care to a high-risk population during the antepartum, intrapartum, and postpartum period.  
Member of the Baby Friendly Initiative Work Group at Baptist Health Jacksonville.

## **Bronx Lebanon Hospital**

Registered Nurse: Level 3 Labor and Delivery

Aug. 2015 to May 2016

Provided care to a high-risk population during the antepartum, intrapartum, and postpartum period.

Registered Nurse: NICU Level 3B

Dec. 2013 to Aug. 2015

Provided care to a very high-risk population with a primary specialty in intensive neonatal care and secondarily trained to provide care to populations within the maternal child health spectrum including: Pediatrics, PICU, L&D triage and recovery, and Maternity/Nursery.

Registered Nurse: Step-down ICU/Telemetry

Sept. 2012 to Dec. 2013

ICU trained. Cared for cardiac, pulmonary, neurological, telemetry, medical, and surgical patients.
