## RESEARCH ACTIVITIES

Principal Investigator. *CenteringPregnancy® perinatal outcomes in a high-risk population: A comparative prospective study.* 2/2015 - 3/2016. <https://frontier.contentdm.oclc.org/digital/collection/dc/id/574/rec/50>

## ADMINISTRATIVE ACHIEVEMENTS

### Frontier Nursing University - Department of Midwifery & Women's Health Courses NM712-716 & WH712-716

| <b>Achievement</b>   | <b>Role</b>               | <b>Dates</b>            |
|--|---------------------------|-------------------------|
| Created a new template for the Monthly Developmental Assessment Tool to prioritize student, preceptor, and faculty needs for a more concrete clinical evaluation tool. Worked with three Regional Team Leads to finalize 2 tools: 1 for all 5 midwifery clinical courses and 1 for all 5 women's health clinical courses. Shared template with FNP Clinical Director, Dr. Katheryn Arterberry, & PMHNP Clinical Director, Dr. April Phillips, who then individualized this tool for each of their respective programs. | Interim Clinical Director | Fall 2021 - Fall 2022   |
| Participated in developing and achieving the university's strategic plan initiatives for 2022.   | Interim Clinical Director | Winter 2022 - Fall 2022 |
| User tester for Informational Technology to trial the newest revisions, Phase 7, of the internal Clinical App prior to launching   | Interim Clinical Director | Summer 2022 - Fall 2022 |

| <b>Achievement</b> <i>continued</i>   | <b>Role</b>                        | <b>Dates</b>                 |
|---|------------------------------------|------------------------------|
| Co-led a project with West Coast Regional Team Lead to standardize transition to clinical orientation for students including a mandatory 4-hour synchronous virtual training and a checklist to assist students with clinical preparation every term prior to Clinical Bound.   | Regional Team Lead<br>- East Coast | Winter 2021 -<br>Summer 2022 |
| Provided input to Informational Technology on needed revisions to improve the internal Clinical App as listed on Phase 7  | Interim Clinical Director          | Fall 2021 -<br>Summer 2022   |
| Faculty Facilitator for the ACNM-ACOG Maternity Care Education and Practice Redesign, a joint project of the American College of Nurse-Midwives and the American College of Obstetricians and Gynecologists, wherein medical students/residents in medical schools nationwide are paired with FNU student nurse-midwives in virtual simulation. This activity built on the Guiding Principles of Interprofessional Education including team-based care, role clarity, and types of collaborative management including collaboration, consultation and referral. | Regional Team Lead<br>- East Coast | Winter 2021 -<br>Spring 2021 |
| User tester for Informational Technology to trial the newest revisions, Phase 3, of the internal Clinical Log App prior to launching  | Regional Team Lead<br>- East Coast | Summer 2021<br>- Fall 2021   |
| Revamped clinical students' weekly reflection assignment, co-leading a project that aimed to foster meaningful emotional evaluation of clinical experiences. Replaced the single prompt used across all five consecutive courses with multiple course-specific prompts, enhancing student engagement and reducing faculty fatigue. Students were now required to connect their writing topics to at least one clinical competency listed on the course-specific Monthly Developmental Assessment, promoting integration of core concepts.                       | Regional Team Lead<br>- East Coast | May 2021                     |
| Inaugural member of a 3-person team to assist the Clinical Director, Dr. Audrey Perry & then Dr. Eileen Thrower, administratively, launching a new paradigm of team-based leadership for 11 clinical courses.   | Regional Team Lead<br>- East Coast | 8/2020 -<br>9/2021           |
| Under the direction of Clinical Director Dr. Audrey Perry, co-led a project to implement four virtual clinical simulations (VCS) in Spring 2020. These 20 clinical hours were created to support nurse-midwifery and women's health nurse practitioner clinical students who were unable to attend on-site clinical sites due to the COVID-19 pandemic. A total of 256 students chose to complete at least 1 VCS, gaining practical experience in assessing, diagnosing, and managing patients with specific clinical issues.                                   | Regional Clinical Faculty          | 3/2020                       |
| Under the direction of the Clinical Director, Dr. Audrey Perry, co-led a project to facilitate a smooth transition of students' clinical documentation in the Typhon system to the newly launched internal Clinical Log system.   | Regional Clinical Faculty          | Fall 2019 -<br>Spring 2020   |

**Achievement** *continued*

Under the direction of the Clinical Director, Dr. Jane Houston, worked on a team to develop a new Monthly Developmental Assessment Tool based on a provided template.

**Role**

Regional Clinical Faculty

**Dates**

Fall 2018 -  
Summer 2019
